Re: *Transforming the 2.5 GHz Band* – WT Docket No. 18-120 – *NOTICE OF EX PARTE PRESENTATION*

Dear Ms. Dortch:

I am writing pursuant to Section 1.1206(b)(2) of the Commission's rules to report that on June 6, 2019, Todd Gray, representing the National EBS Association ("NEBSA"), and the undersigned, representing the Catholic Technology Network ("CTN"), met with Aaron Goldberger and Bret Baker in Chairman's Pai's office regarding the above-referenced proceeding. We reiterated NEBSA and CTN's support for licensing EBS white space through local priority filing windows to new educational entities as proposed in paragraph 41 of Notice of Proposed Rulemaking in this proceeding. We emphasized that under this approach, NEBSA and CTN members generally will not qualify to participate for new EBS licenses. However, NEBSA and CTN supported this approach because members of the education community have long awaited an opportunity to apply for EBS licenses, and it is appropriate to permit new educational entities to take maximum advantage of that opportunity.

Respectfully submitted,

/s/ Edwin N. Lavergne
